### Profile

Born and partially raised in a small town of Hatfield, Indiana, located near Alcoa. Later I moved to Newburgh, Indiana at the age of 10. I have always been very close to family members and have been blessed with a decent education and a wonderfully adventure filled childhood. I have fallen and got back up many times, learning along the way, trying my best to keep faithful and humble. Concerning my artistic work, many inspired and spirited people have done well to keep me focused and working on a variety of projects, creative and even illusory.

Oh I have made mistakes in order to learn. I was always looking outward growing up. Wishing to be in a bigger city or somewhere costal. I would study the dudes in the TV shows, their suave, their speech. Originally I wanted to be an actor. I would jump back and forth between the mirror, tv, and the next pair of Flunky Glasses.. Entertainment has helped me attain an empathetic and hopeful view on the social and cultural progress of the people. I am very extroverted and artistic.. Outrageous even.

### Experience

I started out working for my father and his business partner at Advanced Systems Technology in 2007 until 2011. Mainly stockroom work, maintenance, painting, cleaning.

I have volunteered in a few nursing homes. Mostly painting, helping with patients and playing games.. Also I have been employed as a cook and server at a couple of cafe's since 2014 or so.

A part time Mutual Clerk since 2011 at Ellis Park. This has been my main source of income and financial stability. Ellis park, a local horse racetrack right across the highway 41 bridges in a spacious swamp-like lowland right between Henderson, Kentucky and Indiana. My job mainly is to handle money, take bets and maintain a peaceful and positive atmosphere with the customers all through my day. I have enjoyed this.

I hosted a radio show for a semester at The University of Southern Indiana. Often Playing alternative music, & interviewing bands and friends at the time. I would also work with some quotes, and inspiration.. I enjoyed this and would love to do it again.

President of the lacrosse club at The University of Southern Indiana. Lacrosse Has been growing in Indiana!! I played lacrosse in high School and collage with the help of some advisors at the University. Consisting of meetings with University Officials, filling out correct documents, health safety qualifications, playing lax and such.

## Education

I graduated from Castle High School in 2011. I was in the lacrosse club and the pep club.

I have attended The University of Southern Indiana for around 5 years. Taking a semester off in 2014 and again in 2015. I was majoring in Radio and TV Broadcasting/Communications Studies. My studies also include Sociology, Philosophy, Humanities, Art.

I was the Lacrosse Club President for 2 years in 2012 and 2013..
